City & Guilds 2394-01

Level Three Certificate in Initial Verification & Certification

The City and Guilds 2394-01 course has been designed for those people who are already working in electrics but have not carried out any inspection and testing, and initial verification of electrical installations.

The previous 2391-10 course has been retired and replaced by two qualifications, of which the 2394-01 is one. The other is the 2395-01 Periodic Inspection, Testing and Certification of Electrical Installations.

Who is the Course Designed For?

Those most suitable for study on this course are qualified electricians who would like to refresh their skills and improve their qualifications.

Ultimately, you should be;

- A qualified electrician without necessary experience,
- Someone who wants to develop their skills,
- Or someone who is entering electrics from another discipline.

What Does the Course Cover?

As part of this qualification you will cover the skills and knowledge needed to carry out successful inspection and verification of electrical installations. The course content includes the following:

- Essential Legislation,
- Safety Certificates,
- Safe Testing,
- Health and Safety Procedures,
- Earth Loop Fault Paths,
- Fault Current,
- The Design and Installation of an Electrical System.
- Installation Testing,
- Safe Isolation,
- Documentation,
- Conductor Resistance Values,
- Protection Verification,
- Professionalism,

All parts of the course are designed to ensure that once you have completed the qualification successfully, you can then carry out initial verification and testing professionally, successfully and with confidence.

City & Guilds Accredited Centre

City & Guilds are represented in over 100 countries worldwide as a vocational awarding body for qualifications.

Did You Know?

This course used to be part of the 2391-10 course which has now been split to make two separate courses. The other course is called the 2395-01.

Four Day Course

Price: £555+VAT (per person)

Location: Stockton, Watford
(London)

City & Guilds 2394-01

Level Three Certificate in Initial Verification & Certification

Four Day Course

Price: £555+VAT (per person)

Location: Stockton, Watford (London)

What Assessments Are There?

The assessment for the 2394-01 consists of a multiple choice test, a written test and an assignment.

Are There Any Entry Requirements?

There are no formal entry requirements for this course but candidates would benefit from having knowledge of electrics and the principles of electricity (i.e. a 17th Edition qualification), or prior experience within the electrical contracting industry.

What Are The Reading Requirements?

Learners, without prior knowledge are advised to make themselves familiar with electrical principles and general electrics to ensure they have a good basis with which to learn the course content.

Learners are required to bring with them a current copy of;

- IET 17th Edition Wiring Regulations, Amendment No. 1,
- IET Guidance Note 3: Inspection & Testing,
- IET On-site Guide, Amendment No. 1,
- **Recommended:** Electrical Installers Guide to the Building Regulations.

Final Thought

If you are interested in this course and would like to find out more about the content, other courses on offer or would like to find out more information about PASS itself and the facilities available to you, contact the training centre where an advisor will be happy to answer all your questions.

Don't forget: lunch is provided on all our courses along with Coffee, Tea and Juice.
