

ECITB CCNSG National Safety Passport

Made for professionals who work on-site in the engineering construction industry, the CCNSG course is a nationally-accredited health and safety scheme made to ensure you have a basic knowledge of health and safety when working onsite.

Who is the Course Suitable For?

Anyone who is interested in working within the engineering construction industry should consider this course as a way to prove your understanding of health and safety on potentially dangerous construction sites.

What's Covered in the Course?

Over the course of a two day period, you'll learn about all of the following subjects:

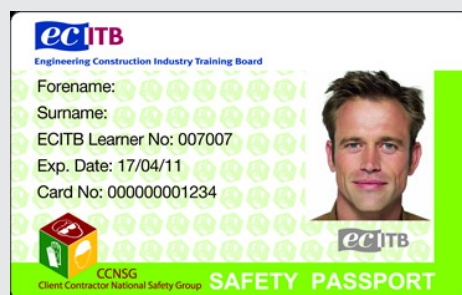

- > Safe Behaviour at Work
- > Consequences of Good/Bad Safety
- > Health and Safety at Work Act 1974
- > Risk Assessments
- > What is a Hazard?
- > What is a Risk?
- > Hierarchy of Control
- > 'As Low as Reasonably Practical'
- > Fire Safety
- > Manual Handling
- > PUWER
- > Noise
- > HAVS
- > Confined Spaces
- > COSHH
- > LOLER
- > Asbestos
- > Working at Height
- > Site Transport
- > Signage
- > Excavations
- > Electric/Isolation
- > Environment
- > Reporting/RIDDOR

Did You Know?

This National Safety Passport lasts for 3 years after receiving the qualification. You'll need to take a refresher course after this has expired.
