

CITB Site Supervisor's Safety Training Scheme Refresher

Reinforce what you've already learned on a previous CITB SSSTS course by taking this refresher.

This course will help you to understand how to manage safety on-site much more effectively and to understand the potential issues that ignoring health and safety could cause.

You **MUST** take this refresher course before your existing certificate expires. If not, you must take the full SSSTS course again.

Who is the Course Suitable For?

All managers working within the construction sector with a prior SSSTS qualification need to take this course to keep their qualification valid after expiry.

What's Covered in the Course?

Over the course of a single day, you'll take part in case studies, classroom discussions, group work and individual/group presentations focussed on health and safety within the construction sector.

Topics covered during this course include:

- How health and safety law is structured
- How the supervisory role fits in with the manager's role in controlling the site safely
- Construction Site Health, Safety and Welfare
- Communication routes within site activity
- Behavioural safety
- Supervision of occupational health

Did You Know?

CITB also has a wide variety of other training courses. Visit the site for more information!

CITB Accredited Centre

PASS is an accredited provider of training from the CITB, the leadership organisation for the UK construction industry.

CITB Site Supervisor's Safety Scheme Refresher

One Day Course

Price: £150+VAT (per person)

Location: Stockton

What Assessments Are There?

You'll be constantly assessed during the course, and expected to take a multiple-choice test at the end of day.

Are There Any Entry Requirements?

The minimum entry requirement for this course is a good understanding of spoken and written English. You must also hold a valid SSSTS certificate which has been gained within the past five years.

What Are The Reading Requirements?

There are no reading requirements for this course, although a basic understanding of health and safety would be beneficial.

Additional Information

If you are interested in this course and would like to find out more about the content, other courses on offer or would like to find out more information about PASS itself and the facilities available to you, contact the training centre where an advisor will be happy to answer all your questions.

Don't forget: lunch is provided on all our courses along with coffee, tea and juice.
