

# Authorised Person Training - Limited Safe Operation of High Voltage Power Systems (HVSO1 Refresher)

**R**efresh your HV operational knowledge with this course which is designed to reinforce your existing experience of routine switching operations and issuing of isolation documents associated with single end drive circuits.

## Who is the Course Suitable For?

Personnel experienced in carrying out routine switching duties associated with the safe operation of electrical power systems with limited authorisation.

You should have previously attended courses such as HVSO1. This course is not intended to cover the work carried out on distribution systems such as transformers, feeders or ring main systems.

## What's Covered in the Course?

Through a mix of classroom-based and practical exercises, you will refresh your knowledge of safely operating high voltage systems and be able to safely perform routine switching operations/issue isolation documents.

The following is covered as part of this course:

- Hazards of electricity
- Electrical statutory regulations
- Operational procedures
- Abridged high voltage safety rules
- Causes of electrical accidents
- Case studies
- Safety documents and lockout/tagout procedures
- Practical switching exercises
- Course review

## Need Help?

Just give us a call on 01642 987 978 and our training team will be happy to answer all of your questions.

## 2 Day Course

**Price:** £495+VAT (including assessment costs) - per person

**Course Code:** HVSO3

**Location:** Stockton

# Limited Safe Operation of HV Power Systems (Refresher)

---

## 2 Day Course

**Price:** £495+VAT (including assessment costs) - per person

**Location:** Stockton

### What Assessments Are There?

The assessment for this course is a written examination plus practical exams.

### Are There Any Entry Requirements?

You should already have studied previous HV limited safe operation courses and want to refresh your knowledge.

### What Certification Will I Receive from This Course?

You will receive a certificate of competency after successful completion of this course.

For candidates who decide not to undertake the assessments or are unsuccessful when taking the assessments, you will receive a certificate of attendance instead.

### Are There Any Reading Materials Required?

There are no peripheral reading materials required for this course.

### Additional Information

If you are interested in this course and would like to find out more about the content, other courses on offer or would like to find out more information about PASS itself and the facilities available to you, contact the training centre where an advisor will be happy to answer all your questions.

**Don't forget:** lunch is provided on all our courses along with coffee, tea and juice.
