

Earth Electrode Testing on High Voltage Systems

Gain the theoretical knowledge and practical skills to test earth electrode systems with this training course.

Who is the Course Suitable For?

Made for electrical engineers, technicians and contractors responsible for the installation, commissioning and testing of earth electrodes on high voltage systems.

What's Covered in the Course?

This course outlines the different types of earth electrode systems used in conjunction with high voltage networks, including methods of testing earth electrode systems and subsequent interpretation of test results.

The following is covered as part of this course:

- Purpose of Test
- Testing Conditions
- Test Equipment
- Safety Considerations
- Statutory Regulations and Standards
- Test Results
- Remedial Work
- Testing Procedures
- Course Review

Need Help?

Just give us a call on 01642 987 978 and our training team will be happy to answer all of your questions.

1 Day Course

Price: £295.00+VAT (including assessment costs) - per person

Course Code: HVTC2

Location: Stockton

Earth Electrode Testing

1 Day Course

Price: £295.00+VAT (including assessment costs) - per person

Location: Stockton

What Assessments Are There?

You will take part in both a written and practical examination during this course.

Are There Any Entry Requirements?

You should be an electrical engineer, technician or contractor.

Anyone attending training should also have a good level of both spoken and written English.

Are There Any Reading Materials Required?

There are no peripheral reading materials required for this course.

What Certification Will I Receive from This Course?

You will receive a certificate of competency after successful completion of this course.

For candidates who decide not to undertake the assessments or are unsuccessful when taking the assessments, you will receive a certificate of attendance instead.

Additional Information

If you are interested in this course and would like to find out more about the content, other courses on offer or would like to find out more information about PASS itself and the facilities available to you, contact the training centre where an advisor will be happy to answer all your questions.

Don't forget: lunch is provided on all our courses along with coffee, tea and juice.
