

# High Voltage Cable Spiking and Cable Identification

Cable spiking is an essential part of proving that high voltage cables are completely dead - this training course is an effective method for learning about this highly important task.

## Who is the Course Suitable For?

Electrical engineers and technicians who are responsible for ensuring the safety of personnel working on high voltage underground electrical power cables.

## What's Covered in the Course?

This course provides instruction in the practical, technical and safety aspects of identifying electrical power cables and their subsequent spiking to ensure the safety of personnel required to work upon these cables

The following is covered as part of this course:

- Safety Requirements
- Ground Clearance
- Methods of Cable Identification
- Cable Spiking
- Electrostatic/Electromagnetic Fields
- Case Studies
- Practical Exercises
- Course Review

## Need Help?

Just give us a call on 01642 987 978 and our training team will be happy to answer all of your questions.

## 1 Day Course

**Price:** £350.00+VAT (including assessment costs) - per person

**Course Code:** HVTC3

**Location:** Stockton

# HV Cable Spiking & Cable Identification

## 1 Day Course

**Price:** £350.00+VAT (including assessment costs) - per person

**Location:** Stockton

### What Assessments Are There?

You will take part in both a written and practical examination during this course.

### Are There Any Entry Requirements?

You should be an electrical engineer or technician with a solid foundation of electrical knowledge, particularly HV cables and power systems.

Anyone attending training should also have a good level of both spoken and written English.

### Are There Any Reading Materials Required?

There are no peripheral reading materials required for this course.

### What Certification Will I Receive from This Course?

You will receive a certificate of competency after successful completion of this course.

For candidates who decide not to undertake the assessments or are unsuccessful when taking the assessments, you will receive a certificate of attendance instead.

### Additional Information

If you are interested in this course and would like to find out more about the content, other courses on offer or would like to find out more information about PASS itself and the facilities available to you, contact the training centre where an advisor will be happy to answer all your questions.

**Don't forget:** lunch is provided on all our courses along with coffee, tea and juice.
