

# CITB Health & Safety Awareness

Take your first step towards a CSCS Labourers Card (Green Card) and gain an understanding of health and safety within the construction sector with CITB Health and Safety Awareness training.

This highly popular route is designed for anyone who is entering, or is about to enter, the construction industry.

With this course passed, you'll be able to move onto further accredited CITB courses such as Site Safety Plus.

## Who is the Course Suitable For?

Anyone who is interested in working within the construction industry should consider this course as a way to prove your understanding of health and safety on potentially dangerous construction sites.

## What's Covered in the Course?

This course is highly interactive; over the course of the day, you'll be taught health and safety via the use of case studies, classroom discussion and group work.

Topics covered during this course include:

- Individual responsibilities for safety and that of others
- Typical construction hazards and control
- How everyone can achieve better practical standards of safety on-site
- Legal requirements and liabilities
- Manual handling
- Fire prevention
- Work equipment
- Occupational health

## Did You Know?

This course is a great first-step towards a CSCS card which will prove your commitment to health and safety in construction.
