

Safe Access To High Voltage Substations and Switchrooms

At PASS training we are committed to delivering training to the highest standards. We value customer feedback and use it to continually refine our courses. Having trained hundreds of candidates, our programs are designed to be professional and led by experienced tutors. Our goal is to equip our customers with the knowledge and skills to achieve officially recognized qualifications across a range of disciplines.

Our trainers deliver courses in a clear, approachable, and enjoyable way, ensuring you have the best possible learning experience. Every trainer is fully qualified and accredited, and they work closely with you throughout the course to ensure you gain the knowledge you need.

Course Overview

As a safe entry course, this City & Guilds accredited training course is designed for those who will not directly interact with HV equipment inside the substation or switchroom; it is ideally suited for those who may enter to undertake specific duties such as reading meters, cleaning or painting etc. and is designed to give delegates a better understanding of the dangers and precautions in working near HV equipment.

Course Details

Who is this Course Suitable For?

This training course is designed for electrical and non-electrical personnel who need to enter high voltage substations, or switchrooms as part of their work.

Course Aim

Safe Access to HV Substations and Switchrooms is designed to give you an understanding of the dangers and associated safety requirements within these environments. It will focus on electrical hazards, different types of HV equipment and the precautions you should take to prevent danger to both yourself and others.

What Does the Course Cover?

- ▶ Safety Requirements
- ▶ Electrical Hazards and Precautions
- ▶ Arrangement of High Voltage Substations
- ▶ Basic High Voltage Safety Procedures
- ▶ The Role of Protective Relays
- ▶ Emergency Conditions
- ▶ Demonstration of Switchgear Principles
- ▶ Electrical Incidents
- ▶ Course Review
- ▶ Operational Procedures
- ▶ Case Studies
- ▶ Course Review

Entry Requirements

No previous experience necessary. Anyone attending training should also have a good level of both spoken and written English.

Assessments

Assessment is via written examination.

Course Certification

You will receive a Certificate of Competence following successful completion of this course accredited by City and Guilds.

Candidates who fail or do not wish to undertake the competency assessment will receive a PASS attendance Certificate.
