

Authorised Person Training - Limited Operation of High Voltage Power Systems

Train to be an authorised person responsible for limited switching operations in high voltage environments with our HV authorised person training course.

Our Limited Operation of High Voltage Power Systems course will introduce you to the concept of electrical power systems, giving you the knowledge and training you need to enter substations/switchrooms to carry out restricted switching operations and to monitor the performance/condition of the system in a safe and competent manner.

Our high voltage training tutors will also give you an introduction to limited safety document issuing responsibilities.

This programme includes the following content:

- Safety Requirements
- Electrical Hazards and Precautions
- Operational and Safety Features of Switchgear
- Electricity at Work Regulations 1989
- Limited Operational Procedures
- High Voltage Safety Rules
- The Role of Protection Relays
- Practical Switching Exercise
- Case Studies
- Course Review

3 Day Programme

Price: £699+VAT (including assessment costs) - per person

Course Code: HVS01

Location: Stockton

Limited Operation of HV Power Systems

3 Day Programme

Price: £699+VAT (including assessment costs) - per person

Location: Stockton

What Assessments Are There?

You'll be expected to complete a written examination as well as take part in a practical examination during this programme.

Are There Any Entry Requirements?

No - although a basic understanding of electricity and high voltage equipment is beneficial.

Anyone attending training should also have a good level of both spoken and written English.

Are There Any Reading Materials Required?

There are no peripheral reading materials required for this programme.

What Certification Will I Receive from This Programme?

You will receive a City and Guilds Accredited Certificate of Completion after successful completion of this programme.

For candidates who are unsuccessful when taking the assessments, you will receive a certificate of attendance instead.

Additional Information

If you are interested in this programme and would like to find out more about the content, other programmes on offer or would like to find out more information about PASS itself and the facilities available to you, contact the training centre where an advisor will be happy to answer all your questions.

Don't forget: lunch is provided on all our programmes along with coffee, tea and juice.
