

Refresher Training in the Safe Operation of High Voltage Power Systems

This course aims to refresh candidates understanding of HV power systems including statutory regulations and safe operation. Additionally, this 2 day course will refresh candidates with the performance of HV switching operations, in accordance with their companies' safety rules/regulations.

This course has been designed for Electrical and Mechanical Personnel who have previously undertaken a full HV Switching Authorisation course, who require refresher training with switching and issuance of safety documents (e.g. High Voltage electrical permits to work). N.B. Candidates wishing to undertake this course must provide evidence that they have previously undertaken Full HV Switching Authorisation training.

The following subjects are covered as part of this course:

- Electricity at Work Regulations 1989
- Operational Procedures
- Practical exercises (1 switching/ safety documents/ Switching Programmes).
- Course review

2 Day Course

Price: £495.00+VAT (including assessment costs) - per person

Course Code: HVSOR4

Location: Stockton
