

# Safe Operation of High Voltage Power Systems (Refresher Course)

At PASS training we are committed to delivering training to the highest standards. We value customer feedback and use it to continually refine our courses. Having trained hundreds of candidates, our programs are designed to be professional and led by experienced tutors. Our goal is to equip our customers with the knowledge and skills to achieve officially recognized qualifications across a range of disciplines.

Our trainers deliver courses in a clear, approachable, and enjoyable way, ensuring you have the best possible learning experience. Every trainer is fully qualified and accredited, and they work closely with you throughout the course to ensure you gain the knowledge you need.

# Course Details

## Who is this Course Suitable For?

Electrical and Mechanical Personnel who have previously undertaken a full HV Switching Authorisation course, who require refresher training with switching and issuance of safety documents (e.g. High Voltage electrical permits to work).

## Course Aim

To refresh the understanding of HV power systems including statutory regulations and safe operation. Also to refresh candidates with the performance of HV switching operations, in accordance with their companies' safety rules /regulations.

## What Does the Course Cover?

- ▶ Electricity at Work Regulations 1989
- ▶ Operational Procedures
- ▶ Practical exercises (1 switching / safety documents / Switching Programmes)
- ▶ Course review

## Entry Requirements

Candidates wishing to undertake this course must provide evidence that they have previously undertaken Full HV Switching Authorisation training. Anyone attending training should also have a good level of both spoken and written English.

## Assessments

Assessments for this course are via written, verbal and practical examinations.

## Course Certification

Upon the successful completion of this course delegates will receive a certificate of competency.

For candidates who decide not to undertake the assessments or are unsuccessful when taking the assessments, you will receive a certificate of attendance instead.

## Course Materials

Delegates can bring with them any materials used by their own employer/ company, so that they are able to use real life examples and gain insight into how their existing protocol fits into the context of the course.
