# City & Guilds 2382-15

Level Three Certificate in 17th Edition Wiring Regulations, including Amendment No. 3

The 17th Edition course is essential for those working in the Building Services sector as electricians and other related fields who need knowledge of the Wiring Regulations including Amendment Three.

This course replaced the 2382-12 17th Edition Wiring Regulations training course from January 2015.

## Who is the Course Designed For?

Anyone who works in an industry or field which requires a 17th Edition qualification will need to complete this course. If you hold a qualification in 17th Edition without Amendment Three, you will need to re-train to remain current with the regulations.

## What Does the Course Cover?

The City & Guilds 17th Edition Amendment Three course covers all aspects from the previous 17th Edition qualification such as; Protection for Safety, Selection and Erection of Equipment and Inspection and Testing.

## New Amendment 3 sections cover changes to:

- Section 557** Auxiliary Circuits
- Section 559** Luminaires and Lighting Installations
- Section 714** Outdoor Lighting Installations
- Section 715** Extra-low Voltage Lighting
- Section 717** Mobile and Transportable Units
- Chapter 41** Protection against Electric Shock
- Chapter 42** Protection against Thermal Effects
- Chapter 52** Selection and Erection of the Wiring Cables

## Also: Part 2 Definitions, 'Cmin' Factor & Condition Reports

Each of these sections will be studied in detail to ensure a thorough understanding of the subject matter.

## Did You Know?

The 17th Edition Wiring Regulations, Amendment Three came into force on 1st January 2015. We run one day workshops for those with the previous 2382-12 qualification.

## Three Day Course

**Price:** £425+VAT (per person)

**Location:** Nationwide

### What assessments are there?

The assessment is a two hour online examination at the end of the course.

This is a classroom only course and contains no practical elements.

### Are there any entry requirements?

All those wanting to complete this course must be keenly interested in the subject matter. Any prior electrical training would be a great advantage.

### What are the reading requirements?

Learners are required to bring with them a current copy of;

- IET 17th Edition Wiring Regulations, Amendment No. 3,
- IET On-site Guide, Amendment No. 3.

### Final thought

If you are interested in this course and would like to find out more about the content, other courses on offer or would like to find out more information about PASS itself and the facilities available to you, contact the training centre where an advisor will be happy to answer all your questions.

**Don't forget:** lunch is provided on all our courses along with Coffee, Tea and Juice.
