

## High Voltage Cable Jointers Mate (Craft Attendant)

**This 2 Day course is designed to provide craft attendants with the knowledge and understanding to safely and competently fulfil their role in supporting low voltage and high voltage cable jointers.**

The course aims to introduce candidates to the correct methods involved in the preparation of high voltage polymeric cables prior to the Cable Jointer splicing or terminating the cables. The understanding of how to correctly strip and prepare a cable will enable the candidate to assist in the installation of almost any type of joint or termination by any manufacturer.

The following subjects are covered as part of this course:

- HV and LV Cable construction
- HV and LV Cable preparation
- Understanding instruction sheets
- Terminations
- HV/LV Cable Joints
- Screened Separable Connectors
- Practical Installations
- Cable Stripping Errors
- Installation Errors

**2 Day Course**

**Price:** £1000+VAT (including assessment costs) - per person
