C&G 2382-18 Update

Level Three Certificate in 18th Edition Wiring Regulations

The 18th Edition is essential for those working in the building services sector as electricians and other related fields who need knowledge of the IEE (BS7671:2018) Wiring Regulations.

From July 2018 this qualification will replace the old 2382-12 and 2382-15 17th Edition Wiring Regulations courses.

Who is the Course Designed For?

This update course is only available to those who have recently completed the City & Guilds 2382-15 - 17th Edition Wiring Regulations, including Amendment 3. Proof of qualification will be required before you can enrol onto this course.

What Does the Course Cover?

The City & Guilds 18th Edition Update course will provide a summary of the changes between the 17th Edition, 3rd Amendment and the new 18th Edition.

The assessment that takes place is the same as that of the full 18th Edition course, in that you will take the 2 hour, 60 item multiple choice exam set by City & Guilds, which is fully aligned to the new 18th Edition Wiring Regulations (BS7671:2018).

The course will include the wiring regulations changes and amendments from the 17th Edition and highlight the addition of new subject areas including:

- Protection against electric shock, thermal effects, voltage disturbances and electromagnetic disturbances.
- Devices for isolation and switching
- Selection and erection of wiring systems
- Protection, isolation, switching, control and monitoring
- Devices for protection against overvoltage
- Earthing arrangements and protective conductors
- Onshore units of electrical shore connections for inland navigation
- Energy efficiency

(Please note that this is not an exhaustive list)

City & Guilds Accredited Centre

City & Guilds are represented in over 100 countries worldwide as a vocational awarding body for qualifications.

Did You Know?

The 18th Edition Wiring Regulations, are released on 1st July 2018.

One Day Course

Price: £175+VAT (per person)

Location: Nationwide

C&G 2382-18 Update

Level Three Certificate in
18th Edition Wiring Regulations

One Day Course

Price: £175+VAT (per person)

Location: Nationwide

What assessments are there?

The assessment is a City & Guilds 60 question, two hour online examination at the end of the course. This is a theory only course and contains no practical elements or assessments.

Are there any entry requirements?

You must have recently successfully completed the C&G2382-15 17th Edition Wiring Regulations with Amendment 3 course and qualification. Proof of achievement will be required prior to enrolment.

What are the reading requirements?

Learners are required to bring with them a current copy of;

- IET 18th Edition Wiring Regulations (Blue Book)
- IET On-site Guide, 18th Edition

What's included:

- 1 day tutor led, classroom based course
- 2 hour City and Guilds Examination (at the end of the day)
- Lunch and Refreshments throughout the day (Tea, Coffee, Juice)
